Out of thousands of charities across the nation, our community chose ASPIRA of New York, Inc. to be a part of the 2012 Chase Community Giving program. In this year's program, Chase asked customers and employees to tell them which charities meant the most to them—and ASPIRA was one of them! Now that the nominations are in, Chase is inviting all of the eligible charity nominees to be a part of the voting phase, where we'll be granting \$5 million to 196 local charities. Voting will take place from September 6th-19th.

ASPIRA of New York, Inc. will be eligible for the following grants, which when awarded will go toward supporting our College Access Leadership Development Program.

### Grants: Chase Community Giving Program

Chase will donate the \$5,000,000 to the 196 Eligible Nominated Charities who receive the most votes and who have accepted the nomination and fulfill all of the eligibility requirements described in the Program Rules as determined in the Chase's sole discretion as follows:
