THE ASPIRA ASSOCIATION AND CHRYSLER FINANCIAL
FINANCIAL LIFE SKILLS PROGRAM

The goal of the initiative is the expansion of a national model for financial education and the development and implementation of vehicle financing for Hispanic youth and their families.

This project has been designed as a national model for the implementation of the bilingual vehicle financing curriculum entitled “The ABC’s of Vehicle Financing”, “El ABC de Financiamiento de Vehículos” designed for inner-city minority and underrepresented youth and their families. The proposed program goal will be accomplished by implementing the following program objectives:

- Increase awareness and understanding of mostly urban, low-income Hispanic youth of the importance of good credit and saving;
- Disseminate bilingual information, resources and effective strategies for vehicle financing; and
- Disseminate a national train-the-trainer model for program volunteers, academic counselors and teachers;

This project is possible through the collaborative relationship between the ASPIRA Association and Chrysler Financial.

The ASPIRA Association

The ASPIRA Association, a 501(C)3 organization is a national Hispanic organization dedicated to developing the educational and leadership capacity of Latino youth and their families. Since 1961, ASPIRA has been working at the grass-roots level to provide programs that encourage Latino students to stay in school, prepare them to succeed in the educational arena, develop their leadership skills and to serve their community. For more information about ASPIRA please visit [http://www.aspira.org](http://www.aspira.org)

In the most recent years, the ASPIRA Association has established its Community Wealth Education Initiative (CWDI). The CWDI is a major institutional milestone for ASPIRA. We are committed through this effort to create the next generation of Latino entrepreneurs to increase home ownership and financial literacy among our families, to generate wealth in our communities and to develop the organizational capacity not only at ASPIRA communities, but also among all Latino community organizations aimed to increase our sustainability for the betterment and expansion of our community services. In this effort we are joined by our strategic partners like Chrysler Financial, who are committed to this endeavor.
